Home work has been a part of the schooling experienced for multiple generations. In order to reduce the level of stress and to find time for their hobbies, learning has been made joyful in our school. For that we have implemented different innovative methods.

For **Std: I and II**, our school provides no homework. The teachers find sufficient time to transfer the content of each lesson in the class itself.

For **Std: III, IV, V** teaching – learning process is done only for 30 min ,the rest 10 min is allotted for studies.

For **Std : VI , VII, VIII, and IX** teaching – learning process is done only for 30 min, the rest 10 min is allotted for clearing doubts and study. We also provide homework for a maximum of 40 minutes.
